There is a new movie that has just been released. I highly encourage you to go see it. Take others with you, especially those who are questioning the existence of a Creator. The title of the movie is **“THE STORY OF EVERYTHING.”** The first showing was April 30th. It is scheduled for seven showings at later dates and times. There will be future showings even after that if there is a demand. **GO SEE IT.** Check your local listings for dates and times

Eagle Summit Ministry 4

WHERE WE’VE BEEN & WHERE WE’RE HEADED NEXT . . .

- April 5—Mending Fences Fellowship, Spokane, WA **RESURRECTION SUNDAY OUTREACH** (Hippe)

“SERVING GOD’S SERVANTS”

“DOES GOD EXIST?”

PART TWO

1 Peter 3:15 “But in your hearts revere Christ as Lord. Always **be prepared to give an answer** to everyone who asks you to give the reason for the hope that you have. But do this with gentleness and respect,”

ORGANS AND ORGAN SYSTEMS There are 11 organ systems in the human body and a minimum of 78 distinct organs. These organs must have been formed simultaneously for functional life to exist. It would have been impossible for organs to develop in stages. Which came first, the brain, the heart, the lungs? All systems must function together, or neither animal nor human life could exist.

I praise you because I am fearfully and wonderfully made; your works are wonderful know that full well.
Psalm 139:14

DNA was discovered in 1869 by the Swiss chemist Friedrich Miescher. In 1944 it was learned that DNA is the material responsible for carrying genetic information. In 1953 scientists Watson and Crick determined the double-helix structure. DNA is incredibly complex. Unique DNA is in the nucleus of a cell. About 1,000 cells could fit in space of the size of a period on this page. If we could pull the DNA from one cell and stretch it out, it would be six to six and a half feet long. Stretched end to end all the DNA in one human would extend to sun and back 300 times! Yes, we are to **BELIEVE** that all this was formed over millions of years by time and chance. The possibility is not only **UNBELIEVEABLE** but impossible. Yet many scientists **BELIEVE** the process of DNA formation is a fact.

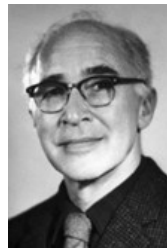

WHAT IS THE “SPARK” OF LIFE? Bio-electrical impulses maintain this thing we call life. When physical life ceases, electrical impulses cease. Scripture teaches us that man was created in the very “image of God.” I am convinced there is a deep connection between electricity and God that we do not understand. Something for further consideration.

The estimated number of distinct life forms on Earth ranges from **10 million to over 1 trillion**, including bacteria, archaea, protists, fungi, plants, and animals. This incredible diversity emphasizes the magnitude of the biological world. Despite the immensity of life forms, there are those who firmly **BELIEVE** all this happened by time and chance over millions of years. The level of faith required for this **BELIEF** is beyond **BELIEF**. This **BELIEF** defies science.

Thomas Nagel, an American philosopher, wrote, "I want atheism to be true and am made uneasy by the fact that some of the most intelligent and well-informed people I know are religious believers. It isn't that I don't believe in God and, naturally, I hope that I'm right in my belief, it's that I hope there is no God! I don't want there to be a God; I don't want the universe to be like that."

Dr. George Wald (Nobel Prize winner in Biology and professor of Biology at Harvard) said: "There are only two possibilities as to how life arose; one is spontaneous generation arising to evolution, the other is a supernatural creative act of God, there is no third possibility. Spontaneous generation, that life arose from non-living matter, was scientifically disproved 120 years ago by Louis Pasteur and others. That leaves us with only one conclusion —that life arose as a creative act of God. I will not accept that philosophically because I do not want to **BELIEVE IN GOD**, therefore **I CHOOSE TO BELIEVE** in that which I know is scientifically impossible, spontaneous generation arising to evolution."

"The fool has said in his heart, there is no God (for me)." Psalm 14:1; 53:1

A University of Idaho Science professor informed students that the answers on the timed final essay test were to be from the information he taught in class, not the student's opinion. He was aiming that at Creationists. One student talked to the professor after passing the test with the professor's answers on the front of the test and with the professor's permission, the creationist's view on the back of the test. In the conversation that followed, the professor said, "I will admit that it takes more **FAITH to BELIEVE** what I **BELIEVE** than what you **BELIEVE**, but **I refuse to be held accountable to a God.**" He is an honest atheist. He rejects God because of his own pride.

Romans 1¹⁸... men, who by their unrighteousness suppress the truth.¹⁹ For what can be known about God is plain to them, because God has shown it to them.²⁰ For his invisible attributes, namely, his eternal power and divine nature, have been clearly perceived, ever since the creation of the world, in the things that have been made. So they are without excuse.²¹ For although they knew God, they did not honor him as God or give thanks to him, but they became futile in their thinking, and their foolish hearts were darkened.²² Claiming to be wise, they became fools,

God can use you to share the truth of the Gospel with one who is sincerely seeking truth. Be as prepared as possible to give an answer of your confidence of Heaven because of Jesus.

**IF YOU BELIEVE THERE IS NO GOD, YOU'D BETTER BE RIGHT.
YOUR BELIEFS DETERMINE YOUR ETERNITY.**

Calibrate Ministries exists to come alongside pastors and ministry leaders and help strengthen the work God has called them to do. Having served in a variety of ministry roles over the years, we understand the demands and responsibilities that leaders carry, and we are passionate about providing encouragement, support, and practical training for every area of church ministry. Our goal is straightforward: to help leaders stay healthy and faithful, to support the local church, and to keep Christ at the center of everything we do.

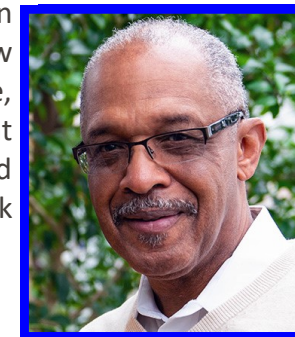

WE ARE A CONSULTING MINISTRY. WE SELL NO PRODUCTS.

Have you fallen into a rut with your worship music on Sunday mornings? Are you open to trying new things? Is your church sound system the best it can be?

STRENGTH TO ENDURE 2 TIMOTHY 4:1-18 by Arthur Jackson

Mark—a marathoner and a dedicated pastor who served two churches over the span of thirty-five years—recently retired. One gift presented to him was a pair of new running shoes. I ran with Mark once over twenty years ago, but throughout his life, he's run the 26.2-mile race in numerous cities across the country. At his retirement celebration, people from the community and the churches he served also expressed their appreciation for Mark's faithfulness. Because of God's power and grace, Mark finished well.

Life's more like a marathon than a sprint. At times we experience fatigue and we feel like giving up. Yet God's grace and strength are unending for those who trust Him. As the imprisoned apostle Paul neared the finish line of [life \(2 Timothy 4:6\)](#), he encouraged his protégé Timothy, "[I have fought the good fight, I have finished the race, I have kept the faith](#)" (v. 7). Life's paths take us to different places. But regardless of where we are on life's journey, it's always good to remember that faith-filled endurance is essential and rewarding (v. 8); that God is the source of our strength (v. 17); and that, by His grace, he "[will bring \[us\] safely to his heavenly kingdom](#)" (v. 18).

When have you experienced God's strength even as you wanted to give up?

How can others' Spirit-empowered endurance inspire you?

It's remarkable to consider how much the apostle Paul suffered in his service for Christ and the gospel (see [2 Corinthians 11:23-28](#)), and yet he stayed true to his calling and "[finished the race](#)" that had been set before him ([2 Timothy 4:6-8](#)).

How was he able to endure such hardship? He answered that question himself in [2 Corinthians 12:9](#) while discussing one particular season of suffering. He learned that God's grace was sufficient, and his weakness wasn't a liability: "[The Lord] said to me, 'My grace is sufficient for you, for my

power is made perfect in weakness.' " It was the opening through which God's mighty power could flow. Today, when we face trials that cause us to feel like giving up, we can lean into His grace and rest in His power and strength.

"When you feel like quitting, think about why you started."

CONTINUE TO PRAY WITH US AND FOR US

- Pastor Kevin Che'n and his wife Janell. Kevin has had successful kidney transplant surgery and is back and forth between home and the hospital in the recovery process. Pray for continued strength and healing.
- Pastor Chuck Evans and his wife Becky. Because of health challenges, Chuck has stepped down from the pastorate at Sprague Community Church and is pursuing a ministry to assist churches with improving worship music and sound systems.
- CONTINUE TO PRAY FOR OUR FRIEND, SHARON GERLACH RECOVERING FROM A STROKE.
- Pray for Pastor Chad and Amber Crouch as they faithfully serve at Country Bible Church in Dusty, WA
- Wisdom and health for our son, George II, with continuing health challenges
- PRAY for continued good personal health (Hippe & Morris)
